EDUCATION

Montfort Senior Secondary School, New Delhi, India
- All India Senior School Certificate Examination (AISSCE), CBSE Grade 12 — May 2024 - Present
- All India Secondary School Examination (AISSE), CBSE Grade 10 2022 - 2024

Nanyang Technological University, Singapore — August 2026 - Present

Standardized Testing: SAT = 1520 (Math: 780 | English: 740) | IELTS = 8.0 — 2025

Honors & Awards
- Finalist, International Computer Science Competition — 2025
- Gold Medal, Make-in-India National Innovation Challenge — 2025
- AP Scholar 2025 (AP-Calc BC, AP - Stats, AP - Physics Mechanics) — 2025
- Subject Excellence Award in Science, Hindi in Grade 10th CBSE — 2024
- Silver Medal, National Children's Science Congress — 2024
- Gold Medal, IIITD National Innovation Hackathon — 2024

RESEARCH, INTERNSHIPS AND OBSERVERSHIPS

Research (Online):

Aerodynamics, Ergonomics & Fuel-efficient Vehicle, *EpicQuest Learning, under IIT scientist, Hardeep Manhas* — Aug 2024 - Jan 2025
- Selected into an exclusive high-school research program designed by alums from UPenn and MIT; studied and investigated least carbon emitting & fuel-efficient vehicle design alternative; considered aerodynamics & ergonomics, & published paper at IJRAR

Nanorobotics, Algorithms & Cancer Research, *EpicQuest Learning, under IIT scientist, Hardeep Manhas* — Dec 2023 - May 2024
- Studied computer algorithms, computational methods that enable nano-system design, engineering, and manufacturing to investigate targeted drug delivery in cancer research; considered predictive algorithms for navigation/control, & published paper at IJRAR

Neo4j Healthcare Knowledge Graph & Hybrid AI, *EpicQuest Learning, under Dr. Alok Nikhil Jha (PhD - CS, IIT-D)* May 2025 - Nov 2025
- Learned to leverage the Heart Disease Prediction dataset from Kaggle and the UCI Repository, and integrate Random Forest (RF) and Neural Network (NN) models for disease risk prediction; paper presented and under review at SCI Indexed Journal

Hackathon, Observership & Internship:

Predictive Science & Carbon Footprint, *National Make-in-India Innovation Challenge 2025, IIITD* — May - July 2025
- Attended mandatory data science training to develop predictive carbon footprint for SMEs; received Gold prize

Prototype Design & Patented Waste Management, *National Innovation Hackathon 2024, IIITD* — May - July 2024
- Shadowed R&D team, trained with data scientists and co-designed smart waste management system; design patent granted

Data Science & Fintech (Credit Default Prediction), *Nxt Venture Labs LLP (with client Creditas Solutions)* — Dec 2023 - Feb 2024
- Observed data scientist, studied NLP, deep learning, neural networks; cleaned datasets, built early-stage pattern recognition models in credit defaults; received commendation from MD (Wharton alumnus)

LEADERSHIP & COMMUNITY OUTREACH

Environmental Initiatives:

Carbon Footprint Predictor, *My Carbon Zero (www.mycarbonzero.org) - Major Impact Campaign* — Jun. 2024 - Present
- Coded a predictive carbon emission calculator and co-founded a climate protection platform to raise awareness about net carbon zero targets for SMEs; curated and conducted environmental awareness raising workshops, onboarded 7 SMEs to partner with us

Education & Access to Research Tools & Support Initiatives:

Research, Prototypes & SDGs, *Idea Reach (www.ideareach.org)* — April 2024 - Present
- Designed a student-driven platform to encourage high school students to pursue applied research to find novel solutions to pressing environmental and societal issues; partnered with student council in schools to curate and conduct over 20 design thinking, data science, business modeling, app development training workshops; 5 schools on-boarded, expanded team size to 10

NGO Volunteering & Community Services:

Fundraising & Advocacy, *Brij Nidhi Gow Raksha Seva Samrakshan Samiti, Govardhan Chapter, India* — July - Aug 2024
- Volunteered and fundraised $1500 for cow shelters, motivated community support for safeguarding abandoned cows from slaughter

Animal Care, *Raksha Foundation, Delhi Chapter, India* — July - Aug 2023
- Volunteered with an animal welfare NGO, rescuing and rehabilitating 50+ injured birds, providing care with compassion, and earning recognition under Project Pashu Gharana

School Leadership Initiatives:

Student Council - Head Boy, *Montfort Senior Secondary School, New Delhi, India.* — April 2025 – April 2026
- As the School Student Council's Head Boy, organized & led multiple inclusion initiatives including school's gender neutral uniform campaign, women in STEM campaigns, monthly design thinking and research & innovation workshops

OTHER PURSUITS, SKILLS & INTERESTS

Coding - GitHub (github.com/PranavGupta184) — Dec 2022 – Present
- Focused on predictive sciences and dataset training to develop real-life environmental problems and cybersecurity

Skills — Jan 2021 – Present
- **Languages:** Proficient in English, Hindi, and completed 3 years of Elementary Training Certification in French; **Hard Skills:** Python, SQL, R, Scala, Java, C++, MatPlotLib, AutoDesk Fusion, MATLAB, Full-stack development using JS, CSS, HTML; **Soft Skills:** Problem Solving, Business Modeling, Data Skewing, Training Mindset / Mentoring, Communication & Teamwork
